

Year 3 Spring 2

Flying High

Topic

In Art, we'll be finding out:

How to improve the mastery of art and design techniques, including drawing, painting and sculpture.

How to use sketch books to record observations and trial new sketching techniques

In Geography, we'll be finding out:

About different space station countries around the world

About astronauts from around the world

use maps, atlases, globes and digital/computer mapping to locate countries and describe features studied

In ICT, we'll be finding out:

How computers can be used to research information safely and effectively

How computers can be used to combine words and pictures

How to record science data accurately

How to use data to record bar graphs

In Science, we'll be finding out:

How push and pull forces are different

How to create a magnetic racetrack using different magnets and materials

How to predict results from well thought out science experiments

How to gather, record, classify and present data in a variety of ways to help in answering questions

In English we will be:

- listening to and discussing a wide range of fiction, poetry, plays, non-fiction and reference books or textbooks
- preparing poems and play scripts to read aloud and to perform, showing understanding through intonation, tone, volume and action
- checking that the text makes sense to them, discussing their understanding and explaining the meaning of words in context
- identifying themes and conventions in a wide range of books

In Maths we will be:

count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10

recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators

compare and order unit fractions, and fractions with the same denominators

Inspiration

Design and build rockets

Explore the grounds of school for science experiemnts
