

Year 4 Summer 2

Keep on Moving

Topic

In Science we will be:

- Recognising that living things can be grouped in a variety of ways
- Using classification keys to help group, identify and name a variety of living things
- Recognising that environments can change and can pose dangers to living things.
- Constructing and interpreting a variety of food chains
- Describing functions of basic parts of the body
- Learning about how to keep healthy
- Learning about our teeth and how to look after them

In Design Technology we will be:

- Understanding and applying the principles of a healthy and varied diet
- Learning about where and how a variety of ingredients are grown, reared, caught and processed

In English we will be:

- Reading a range of discussion texts and writing a persuasive argument
- Reading and exploring non-chronological reports and produce a class magazine about healthy lifestyle choices
- Develop spellings through investigating patterns
- Sharing a range of texts
- GAPS activities

In Maths we will be:

- Find the area of shapes made from rectangles by counting squares
- Convert between different units of measure (for example, kilometre to metre)
- Measure and calculate the perimeter of figures made from rectangles
- Solve problems using information presented in tables and graphs
- Interpreting and presenting discrete and continuous data
- Regular mental maths practise
- Developing and securing times tables up to 12x12

Inspiration

- Inspiration afternoon – smoothie making, indoor athletics and health checks
